Wieliczka Salt Mine

CONFERENCES/ TRAINING SESSIONS

The dazzling decor and the intimate atmosphere of the underground excavations make the "Wieliczka" Salt Mine an ideal venue for meetings, conferences, symposia, congresses, conventions and various business meetings. The underground chambers are ideal both for intimate and large events, with up to 600 guests. All the chambers are equipped with a sound system, a projector, a screen and a flipchart. Depending on the location, we also provide wireless microphones, a drink bar, a stage, a rostrum, audio-visual system, and even a booth for simultaneous interpretation. In most chambers, access to the Internet and mobile networks is also available. In addition, each chamber has its own cloakroom and separate kitchen facilities.

BUSINESS MEETINGS

A business meeting organised in a unique location will make the project more prestigious and influences the image of the company (the organiser). The historic underground spaces of the Wieliczka salt mine offer such a unique place, where you can hold both an intimate business meeting, for instance a gala dinner in unique salt scenery, and a corporate meeting or an integration and promotional event, a banquet, a ball, a gala, and all kinds of social events (e. g. shows, presentations, exhibitions, competitions, and even concerts or performances). A business meeting organised in the stylish and cosy underground chambers will certainly contribute to developing your contacts, integrating your team or just creating a good atmosphere.

We also guarantee professional catering services for events organised in the underground chambers, from coffee breaks to fine receptions. Customers can choose a customized menu or select from among the suggestions of our excellent chefs.

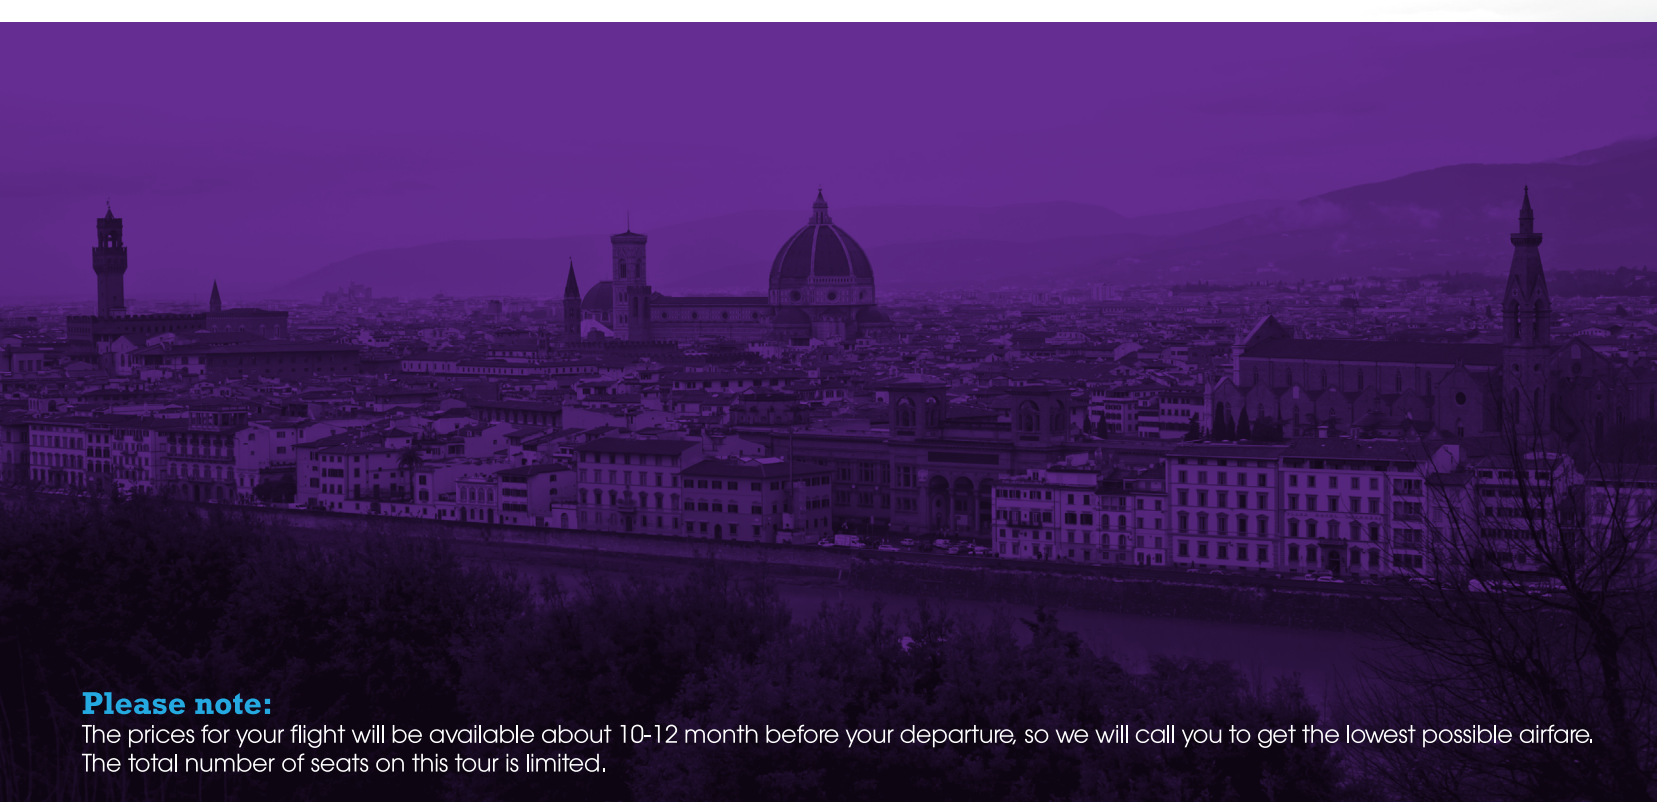

It is also possible to organise events in the cosy rooms of the beautiful Grand Sal**** Hotel. The hotel offers a conference room with state-of-the-art equipment and a Business Centre, and the restaurant provides top-quality catering services for the events, offering signature dishes by the chefs and local dishes from the Malopolska region.

The organisation of conferences and training sessions are priced individually and requires earlier reservations. Ask for a quote.

GROUP ADVENTURE

A unique and well organized event is just perfect for integrating and building a well structured team of employees. It also serves as a non-conventional form of spending free time and a moment for loosening one's business tie. Topic events organized at the "Wieliczka" Salt Mine are something more. The extraordinary interior of the saline chambers and corridors, adventures set within the frames of mining legends and traditions. All this deep down within the undergrounds of the mine.

An underground escapade transforms the quiet colleague or associate sitting next to you at the office into a daring treasure hunter. Wandering through the saline undergrounds the participants of the escapade personally perform the everyday work of ancient miners. The group can also wander around the Wieliczka undergrounds visiting the mine only in the light of their personal mining lamps and most definitely experiencing the unusual atmosphere and excitement associated with discovering the unknown. Good humour is needed as well as an earlier reservation of one of the selected programs: Visit the Mine by Night or the Underground Escapade – Adventure Trip.

Please note:

The prices for your flight will be available about 10-12 month before your departure, so we will call you to get the lowest possible airfare. The total number of seats on this tour is limited.
